# Angry Trump

\$MADT introduces an unprecedented blend of political satire, humor, and financial opportunities, now with an added feature: the TrumpChange Bot on Telegram, bridging between six different blockchains.

## **Introduction:**

\$MADT emerges at the crossroads of digital culture and finance, inspired by the polarizing persona of former U.S. President Donald Trump. This innovative project invites investors to engage with Trump's struggles while participating in a dynamic marketplace of ideas and assets.

## **The \$MADT Token:**

Operating on the Solana blockchain, \$MADT provides a seamless user experience, leveraging the network's speed and scalability for value transfer and community engagement.

## **Zero Tax Structure:**

\$MADT boasts a unique zero/zero tax structure, ensuring minimal friction and maximizing investor returns, making it an attractive investment avenue.

### **Meme-Driven Ecosystem:**

Leveraging the power of memes, \$MADT cultivates community engagement and awareness through inventive campaigns and digital artwork, solidifying its brand presence.

### **Financial Opportunities:**

Beyond its satirical origins, \$MADT offers tangible financial benefits. Early adopters can seize opportunities for potential price appreciation and liquidity incentives, positioning \$MADT as an investment in both ideology and profitability.

## **TrumpChange Bot:**

AngryTrump introduces the TrumpChange Bot on Telegram, connecting six blockchains: Ethereum (ETH), Solana (SOL), Bitcoin (BTC), Binance (BNB), Litecoin (LTC), and Monero (XMR). Once the bot's revenue reaches \$1000 monthly, a revenue-sharing program will commence for holders of 0.5% supply or more.

## **Supply Burn Schedule:**

To enhance scarcity and value, \$MADT implements a supply burn schedule, burning 5% of the token supply at market capitalizations of \$2 million, \$3 million, \$6 million, and \$8 million.

## **Airdrop Schedule:**

Additionally, \$MADT plans airdrops to reward loyal holders. At market capitalizations of \$1 million, \$3 million, \$5 million, and \$10 million, 5% of the token supply will be distributed among all holders with at least 0.5% of the total supply or higher.

\$MADT embodies a movement where anger, humor, and finance converge to challenge norms. Join the \$MADT community today to express solidarity with Trump's struggles and seize financial opportunities in a vibrant ecosystem.
